

8. Spiritual Awakening – America Reborn!

The Book of Rev. Elation (2017 edition)

The New Detestament (Part 1 - Four Hoarse Men of the Apocalypse)

The good Pastor Robert Jeffress
On 'the Donald' did try to impress
With sanctimonious piety
And tremendous sobriety
The Good News that nukes, God does Bless

So Trump, Miller, Gorka and Hannity
(A spectacular ensemble of vanity)
Spew the words of the AntiChrist Goat
(AKA Bannon ... Or Otto Deep Throat)
In a triumphal display of insanity

Then Otto's Ventriloquist dolls
The four Hoarse Men who brag and appall
Harbingers of all dooms
And white mushroom plumes
Begin to scream, and to shout, and to bawl

To Kim Yong Un in North Korea
Trump says "I don't want to be ya
For you will find that my voice
It is my weapon of choice
A shit-storm, full of verbal diarrhoea"

The New Detestament (Part 2 - The Revelation)

"There will be Fire and there will be furies
And radiation, millions of Curies!
I'll be Judge Dredd unto you
Your executioner too
But Otto says "no, we do not need Juries"

"Bigly we're locked, and we're loaded"
So, hope of trust was eroded
Trump exclaimed with elation,
"The whole Korean nation
Will mostly soon be exploded!"

"Seven SEALs I will send it is true,
The absolute best of the few
The elite of the Navy
Captained by Davy
Jones, who is leading the crew"

Meanwhile back in Pyongyang
Kim Yong Un had his plans for Guam
For he thought it a synch
'Cos it's only one inch
On the map - so it fits in his palm

Seven SEALs on high seas cruelly tossed
Would soon pay the ultimate cost
Then the stark revelation ...

Otto fell, eight on
The list of those who were lost

Then Trump's mind did something quite rare
It had a thought ... to Otto a Prayer
"Let me please be led
By you ... though you're dead
So sad, you are gone, so unfair"

The New Detestament (Part 3 - One Tweet from Armageddon)

Then within Trump, an upwelling of rage
As he considered how next to engage
He'd defeat Kim Yong Un
Without firing a gun
With the war of words that he'd wage

"You will feel the full force of my wrath
Through medium of my Twitter graph -
You will surely expire
In a Nuclear fire"
As he pressed send, he let out a laugh

But an eerie silence then ensued
As though his Tweet was not being viewed
No followers replied
Well they couldn't – they'd died
In the heat of a Nuclear Feud

Then as Trump reviewed his Twitter thread
He realised with increasing dread
That his tweet was unsent
So, he knew that this meant
The send Button he'd pressed had been red

And as the world took its terminal breathe
The Four Hoarse men (Conquest, War, Famine, Death)
Will let out a great cry
Of "fake news" as we fry
Crisply cooked by the "Commander in Chef"

The Book of Trump

The Spiritual Journey of Donald J Trump (aka Lots (of) Wives)

"Things that you're liable
To read in the Bible
They ain't necessarily true"
But Trump uses dyes
Evil Gel and Lies
So, his hair you cannot see through
For what lurks beneath
His orange fig leaf
Are some things he'd prefer to conceal
The birth marks he can't fix
That read "six, six six" ...
Little horns ... and the "The Art of The Deal"

Trump - The Evangelist's Profit (aka Fred Sees The Low Returns of the Unprofitable Son)

The lion will lie down with the lamb
It is written in one of the psalms
But it's holy reliable
To say of the bible
That Donald Trump does not give a damn

(don't tell Pence though – he'd feel let down, he doesn't know that Trump is such a free thinker god-wise ... what? he does know?? Well that just shows how Christianly tolerant he is!

Science-ology an Alternative - Right System of Belief

The Creationists' Delight (aka Trump the Evangelist Disproves Darwin)

It seems that Trump thinks ethnic dilution
Requires some kind of "final solution"
But what needs to be solved
Is that slime unevolved
Such as Trump, contradicts evolution

Space Between the Ears Force

We need a religious task force
Spiritually, to reinforce
For powers on high
That dwell in the sky
Need mortal assistance of course

And Jeff Sessions is surely the man
To execute on a plan
To impose moral piety
On the whole of society
He will do everything that he can

Those who do not agree - Jeff must smite
Because they cannot tell wrong from right
By the creed of Jeff Sessions
There's no shade of transgressions
For his truth always is black and white

The Easter Bunny Girl (A White Rabbit at the Whitehouse with a White President)

The point of a big Easter bunny
Is to make the world cheerful and sunny
But the great big white rabbit
Must beware - or he'll grab it
And stuff her white pants full of money

(It's always best to thrust that NDA in quickly)

The Devil and Corey (aka The Pointy Tailed Mule with the Pointless Failed Fool)

It seems that Corey Lewandowski
While feeling a little bit Fausty
Hoping that he could revel
In a pact with the Devil
Still made it not to the White Housy

The Book of Pence

The Mike Pence Definitely Isn't Secretly a Closet Gay Soliloquy (aka Don't Tell Mother)

Brethren gathered, in our church, on this day
For Michael Pence, for whom now we must pray
He loves you, but hates your
Sin, it is his nature
He can't help it, he was just born that way

Mike Pence's Elevation Revelation (aka God Help US)

Pence thinks that long ago, in his youth
The Lord revealed unto him the truth
It was so evidential
That Pence was Presidential
And the voice in his head was the proof

It could not be that he had a fever
Or that he was delusional either
No, God wanted Trump / Pence
And a world that repents
Praying hard to the heavens for neither

Jehovah works in mysterious ways
Demanding that we must do all He says
Let us pray preaches Mike
As we worship Trump's reich
For it will lead to my ascension in days

But in the shadows an evil may lurk
That does not stay its hand nor shirk
And because of conceit
Pence's soul was forfeit
For a scheme that was the Devil's work

The Lesson

Lo, and there was a terrible reckoning to be had. Verily, when Pence was but fourteen years of age, he strayed from the path that was true. Condemned are those who have impure thoughts. Verily, Pence had dreamt of becoming the President of the United States and the Good Lord spaketh ... "There is but one true POTUS and ever shall be, thou shalt worship none other than I ... bigly."

Bible Studies

As can be seen from the various scriptures quoted above, Trump and his loyal team were deeply spiritual, high minded and principled men ... and women (that was not just an afterthought Feminazis!).

They understood the need for the separation of church and state while balancing the understandable concerns of evangelicals who desired a morally upstanding and fair Supreme court to ensure the future MAGAness of the USA by returning to the traditional bronze age fundamentalist values promoted by righteous people like Mike Pence and Pastor Robert Jeffress.

Trump had been fantastically reformist and successful in promoting spirituality throughout the nation. Now, with Trump the Messiah firmly in charge, his messy-panic appeal growing daily, the polls started to show how this new-age populist religiosity had permeated every strata of US culture...

In Trump's America virtually everyone was now on their knees in prayer!
